

MARKET APPLICATIONS

PETROCHEM

- Tank, Pipe & Container Lighting
- Temporary Power for MRO Work
- Lighting of Walkways and Stairs
- Inspection Lighting
- GFCI Protection

POWER GENERATION

- Walkway Lighting
- Shutdown Power & Lighting
- Pipe and Steam Condenser Lighting
- Refueling Operations Power
- GFCI Protection
- Coal Dust/Fuel Rods/Cleaning Solvents

AEROSPACE

- 18" Hanger Floor Rule
- Fuselage Repair Lighting
- Hanger Tools & Inspection Lighting
- Custom Stringlights for Aircraft
- Refueling Operations

FOOD PROCESSING

- Elevators and Grain Silos
- Container Lighting
- Grinding and Mashing Operations

SHIP BUILDING

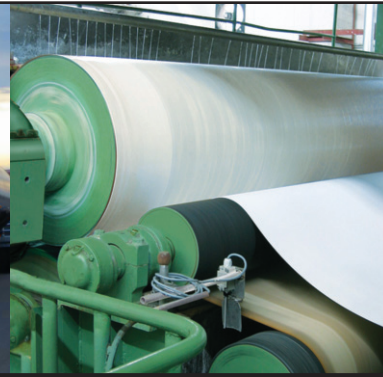

- Tank & Bulkhead Construction Lighting & Power
- Walkway, Gangway & Ladder Lighting
- Tools & Welders
- GFCI Protection

TANKER & CONTAINER CLEANING

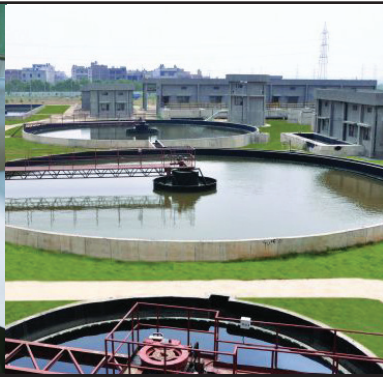

- Water Proof Handlamps
- Water Proof Plugs & Connectors
- Low Voltage Lighting
- GFCI Protection

PULP & PAPER

- Chemical & Bleach Operations
- Machine Maintenance
- Fine Dust Material

WASTE WATER

- Solids Tank Inspection Lighting
- Covered Methane Areas
- Maintenance Lighting

LED TEMPORARY
LIGHTING SOLUTIONS

LED TEMPORARY LIGHTING SOLUTIONS

2600 Explosion Proof Handlamps and Stringlights

- ETL, cETL Listed
- NEMA 4X Rated
- Class I & II Div 1 & 2, Groups C, D, F & G
- Wet location rated
- Aluminum anti-spark guard
- Tempered glass globe provides 360° Illumination
- Designed for applications requiring weather resistant or spark resistant construction

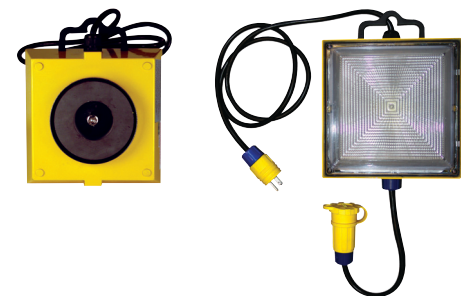

2600 Low Volt LED Explosion Proof Stringlights

- ETL, cETL Listed
- NEMA 4X Rated
- Class I & II Div 1 & 2, Groups C, D, F & G
- 8W, 12V LED bulbs deliver 500 lumens

1000LED Wide Area Light

- cULus listed
- Outdoor Use, Wet Location
- Durable, Rugged Construction
- Impact Resistant, High Temperature Lens
- Easily Daisy Chained to Cover Large Areas
- Light Weight Die Cast Aluminum Housing
- Integral Mounting Magnet

2000 Series 50W LED Heavy Duty Work Light

- cULus Listed
- Outdoor / Wet Location Rated
- Cool, Safe Operation
- Light Weight, Portable Design
- IP65 Environmental Rating
- 120° Beam Angle, High-power LED
- 5mm High Strength Tempered Glass
- Heavy Duty Die Cast Aluminum Case
- 50,000 Hour Rated Life
- No Start-up Delays
- High Efficiency Operation

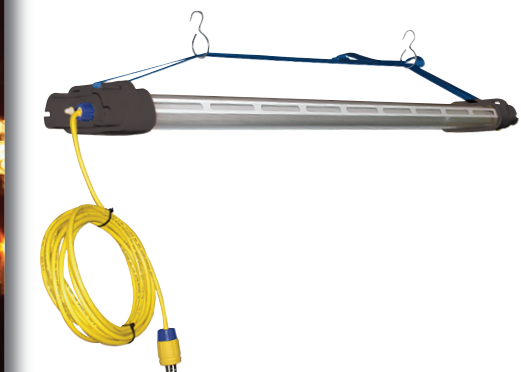

800 Series LED Heavy Duty Work Lights

- cULus Outdoor / Wet Location Listed
- Durable, Rugged Indoor/Outdoor Construction
- Rubberized Non-conductive/Corrosive Handle
- Flex Strain Relief at Critical Bending Points
- Extreme Temperature Rated (-20°C to +40°C)
- Low Power Utilization / Consumption
- Easily "Daisy-chained" to Cover Larger Areas
- Flash Freezer Tested

1140 Series LED Heavy Duty Wide Area Lighting

- cULus Outdoor / Wet Location Listed
- Durable, Rugged Indoor/Outdoor Construction
- Lightweight, Impact Resistant Material
- Rubberized Non-conductive/Corrosive Handle
- Extreme Temperature Rated (-20°C to +40°C)
- Cool, Glare-free Lighting Alternative
- Low Power Utilization / Consumption
- Easily "Daisy-chained" to Cover Larger Areas
- Flash Freezer Tested

Stringlights

Reduce the risks associated with dark passages and work environments or safely illuminate outdoor activities with Ericson's growing family of string-light products. These solutions are ideally suited for a wide range of applications including hazardous location, industrial construction and event lighting.

- LED configuration alternatives
- Construct-O-Lite® – 2-wire contractor grade molded stringlights
- E-Lite™ 3-wire commercial grade molded stringlights
- 3-Wire heavy duty molded stringlights
